CINEMA

The old Harley Davidson Assembly Factory stands pretty much as it was, a warehouse shell with the marks of a lived in, working building.

In the heart of CBD Melbourne, 1000 £ Bend is open seven days a week from 8am - 7pm weekdays and 11am - 7pm at weekends. We can extend these hours later for special occasions, launches, parties, opening, events, functions and screenings up to midnight.

This hybrid venue can be booked on a for-hire basis or through a co-presents arrangement incorporating individual rooms or the whole building. Special packages and rates are available for independent productions based on a proposal basis.

The back part of the building is a large open versatile space which can be used in gallery, exhibition, performance, launch party or event modes. The front cafe area can be used for meetings over lunch or dinner, workshops or screenings.

Upstairs you'll find out Cinema and Projection Room which is available for private parties. The upper street front windows exhibit visual works and installations in lightboxes above the busy footpath along Little Lonsdale street.

The building is also surrounded by unique Melbourne blue stone laneways that can facilitate public art installations or small performances (pending council approval).

The large front entrance makes it easy for loading in with a forklift. The high roof plus concrete floors have heavy load bearing capacities for larger works and set-ups.

CINEMA

Home to the new Speakeasy Cinema night, 1000 £ Bend's upstairs attic space has been converted into a unique 160 seat cinema, complete with 4m x 3m screen with black velvet drapes, an NEC LT265 projector, and complete surround sound Onkyo TX-SR875 Sound System.

With regular screenings set to continue throughout the year, the cinema space is also available for hire for one off nights, festivals and functions as required.

CAFE

In an old Harley Davidson factory lies the reincarnation of St Jerome's, Melbourne's beloved laneway haunt for over five years. Far more spacious but in many ways just as cosy, 1000 £ Bend even has a couple of relics from the walls of the old Jerome's for added familiarity.

So to its toasties, \$2.50 coffees and general laid back approach. Add to this free wi-fi and powerpoints and a smoking area with a vertical garden, the café is a fine place to gather, sip, talk and maybe perhaps even attempt a little work.
